LONG DISTANCE SERVICE

To place Long Distance calls give the operator the city or town, the telephone number you are calling, if you have it, or the name and address under which it is listed. The operator will ask for your number when she needs it to complete the call.

STATION CALLS — When you will talk with anyone who answers the called telephone.

PERSON CALLS — When you want to talk to a particular person or a particular extension telephone connected through a private switchboard, give the operator the name, extension or department after you have given the distant city and telephone number.

COLLECT CALLS — Upon request, the charges on calls to most points within the Continental United States, Alaska, Canada and to certain overseas points may be collected at the called telephone. Collect calls take the regular Station or Person rates except that higher Station collect call rates apply where the Station rates are 20 cents or less on calls within Oregon or 25 cents or less on calls outside of Oregon.

RATES TO SOME OUT-OF-TOWN POINTS

(Rates to Points Not Listed May Be Obtained By Calling "Long Distance" or Dialing "Operator".)

NIGHT AND SUNDAY RATES APPLY FROM 6 P. M. TO 4:30 A. M. AND ALL DAY SUNDAY

The Federal Tax is not included in the rates.

Rates are for an initial period of 3 minutes, except that on Station calls of 10 cents to points within Oregon the initial period is 5 minutes and on Station calls of 25 cents or less to points outside of Oregon the initial period is 4 minutes.

BUSINESS OFFICE LOCATIONS

The Corvallis Business Office is located at 308 Madison St., Corvallis. The Newport Business Office is located at 431 S.W. Alder St., Newport.

Both Business Offices are open from 8:30 A.M. to 5:00 P.M. Monday through Friday and are closed Saturday.

BILLS AND PAYMENTS

Bills for service are usually issued monthly and are due and payable upon presentation.

When paying in person it will save your time if you have your bill with you. When paying by mail, please enclose the bill stub with your check. If you need additional assistance or explanation regarding your bill, the business offices will be glad to help you.

OTHER PAYMENT OFFICES

In addition to the Business Offices at Corvallis and Newport, bills may be paid at either of the following locations:

Bailor Market.....Siletz
Purity Bakery
155 N. Main St.....Toledo

COPIES OF THIS DIRECTORY

Use of an out-of-date directory interferes with good telephone service, as each new issue contains many changes in numbers and listings. For this reason we ask that they be destroyed at the time the succeeding issue is distributed.

DIRECTORY ACCURACY

Every effort is made to make the directory as accurate as possible. The Company, however, assumes no liability for damages arising from errors or omissions in the making up or printing of its directories.

DIRECTORIES OF OTHER CITIES

Telephone directories of other cities may be consulted at our Business Office. We cordially invite you to make use of these directories. If you desire any copies they may be secured at an additional service charge by arrangement with the Business Office.

DIRECTORY ADVERTISING

For information on classified directory advertising call our Business Office.

IDENTIFICATION OF EMPLOYEES

Employees of the Company whose duties require them to enter premises of customers are supplied with identification cards. If you doubt the right of a person to represent himself as an employee of this Company, please call the business Office.

RATES

Rates and practices included in this directory are based on those in effect at the time this directory was closed for printing and are subject to such changes as may be made from time to time.

HOW TO PLACE LONG DISTANCE CALLS FROM TOLEDO & SILETZ

To call Newport numbers from Toledo and Siletz Dial "6."

To call other Long Distance points from Toledo and Siletz Dial "Operator".

VOICE RECORDING SIGNAL

A short high "beep" tone heard on the telephone about every 15 seconds means that the person with whom you are talking is recording your conversation by means of his electrical recording machine connected to the telephone line.

This signal is provided by the Telephone Company for your protection. If you do not want a record made of what you are saying, ask the person with whom you are talking to disconnect the recording machine. When he disconnects his recorder the signal is no longer heard.

The "beep" is produced automatically by the device used to connect the recorder to the telephone line. It stops when the recorder is disconnected. Use of a recorder without this signal is unlawful.

LOCAL TELEPHONE SERVICE

HOW TO USE A DIAL TELEPHONE

1. Be Sure of the Number

Look in the Telephone Directory or your personal number list for the correct number. If the number is not listed dial 113 "Information" and ask for the number.

2. Listen for Dial Tone

The steady humming sound tells you that the dial equipment is ready for your call. Do not start to dial until you hear the dial tone.

3. Dial Carefully

Dial the first two letters of the office name and then each figure of the number in the order in which it appears in the Telephone Directory. Suppose, for example, you wanted to dial PLaza 3-3437.

FIRST, dial the letter P.

NEXT, dial the letter L.

THEN DIAL 3 and each of the remaining figures of the number 3, 4, 3, and 7.

REMOVE YOUR FINGER and let the dial return freely to its normal position after each turn of the dial. Do not force or retard its movement or you might get a wrong number.

Note: In Toledo and Siletz, no office letters are dialed, just the figures of the number as shown in the directory.

In Corvallis when dialing a PLaza number from another PLaza telephone, you may omit the letters and dial only the five numerals (3-3437). However, when giving your number to anyone, always give the complete number—letters and numerals—as these people may want to call you from out of town. Out of town calls cannot be completed without the entire number.

IF A MISTAKE IS MADE

If your finger slips or a mistake is made, hang up for a moment; then, after listening for the dial tone again, redial the complete number.

IF NO SIGNAL IS HEARD WITHIN A REASONABLE TIME AFTER DIALING

Hang up. Look up the number to be sure it is correct. Then, after waiting for the dial tone, dial the complete number again. If again no signal is heard, dial Operator and report the condition to her.

FOR ASSISTANCE IN DIALING

If at anytime you need the services of an Operator to place or complete a call, dial "O" "Operator". When the Operator answers explain the situation to her and she will be glad to assist you.

OTHER DIALING SUGGESTIONS

Be careful not to mistake the letter "O" for the figure "0" (zero) or the letter "I" for the figure "1" (one).

If, while dialing, another person comes on the line, tell them the line is in use, then hang up for a moment. After listening for a dial tone, again redial the complete number, otherwise a wrong number may result.

If, before you dial, you hear someone else dialing, tell him you have interfered with his call; then, hang up and make your call later.

Ringling Signal

A "burring" sound repeated at regular intervals indicates the called telephone is ringing. Please wait at least 10 rings for an answer.

Busy Signal

A steady "buzz-buzz" sound indicating the called line is busy.

No-Such-Number Signal

A siren-like sound rising and falling in pitch indicating that a dialing or other error has occurred and no such number exists. When you hear it, replace your receiver, refer to your directory to be sure of the correct number and dial your call again.

TO CALL ANOTHER TELEPHONE ON YOUR PARTY LINE

To call another party on your line dial "OPERATOR" and tell her the number you wish to call is on your line and she will assist you.

How to help yourself to good telephone service

- Give the person you're calling plenty of time to answer—at least a full minute... and you'll reach him more often.
- Encourage the youngsters to be considerate telephone users...and you won't miss important calls.
- Wait a few minutes between calls if you're on a party-line...good party-line neighbors get better party-line service.
- Unless you're sure of your number, look it up before you call. It's also wise to keep personal lists up-to-date.

Telephone Courtesy

WINS FRIENDS

- Answer Promptly
- Speak Pleasantly
- Hang Up Quietly

REMEMBER THAT YOUR VOICE IS YOU

When you dial

numbers which include a central office name

Please remember...

Always dial the first two letters and the numeral in the central office name... followed by the remaining figures in the number.

**How you can prove you're a thoughtful party line neighbor...
It's easy! Just check off your good points.**

For example: You always make sure the line is not in use before dialing or jogging the receiver holder up and down to get the operator

When your call is urgent, and the line is busy, you politely explain the circumstances to the person using the line

You always see that the receiver is replaced when you're not using the telephone

And you never, never talk longer than necessary or make an extended string of telephone calls all at once

And you often remind your children about these courtesies, too

*So, of course you are a thoughtful party line neighbor!
And we want to thank you very much for being one.*

The Pacific Telephone and Telegraph Company

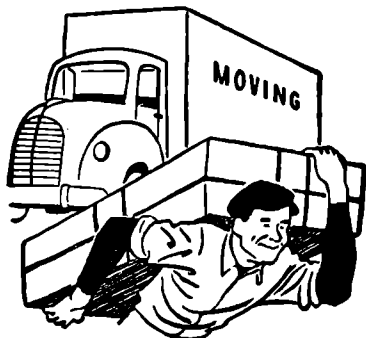

**Van
Required**

He's Inspired

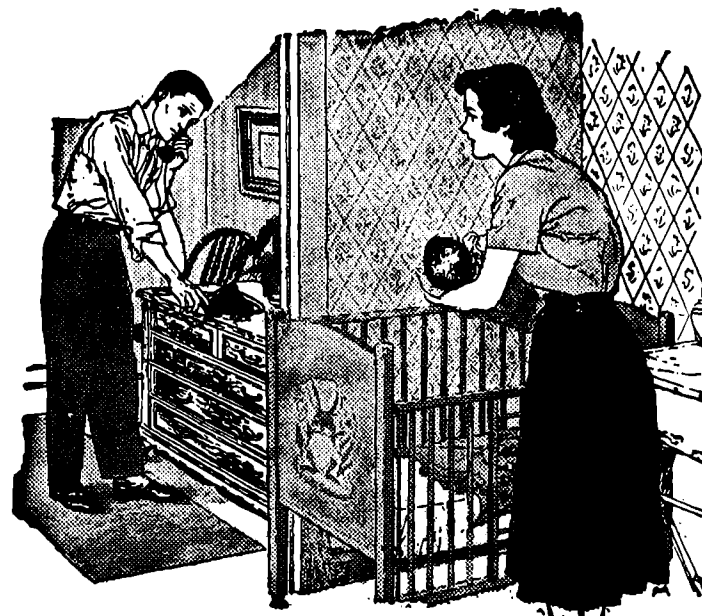

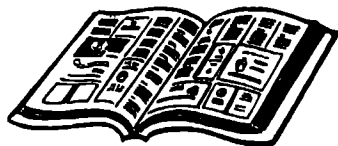

Quickly Hired

Moving problem? Whether you need a piano toter or a house hauler, you can locate things fast by a glance at the Yellow Pages. Your handiest guide to most every sales or service is in the easy listings of the Classified Directory of your Telephone Book. Refer to it first.

**You'll find it fast in the
YELLOW PAGES**

*extension telephones are
so handy yet cost so little*

*For only a few pennies a day you can enjoy the
convenience of an extra telephone in your home.*

**Extensions go almost anywhere in the home—in the bedroom or
basement . . . in the den, kitchen, or garage . . . wherever you
spend a lot of time. And the cost is small . . .
only pennies a day. We can offer this service again
because extensions require only additional telephone sets,
not outside cables and central office facilities.**

**To order your extension, just call your
Pacific Telephone Business Office.**

Pacific Telephone

*extension telephones
now available for your home*

*For just pennies a day you can enjoy the
convenience of an extra telephone.*

*Extensions are handy so many places. In the breakfast nook or
basement . . . in bedrooms, the den, or garage . . . in any part of
your home where you spend a lot of time,
an extension is a time-saver and step-saver. We can offer this
service again because extensions require only additional
telephone sets, not outside cables and central office facilities.*

*To order your extension, just call your
Pacific Telephone Business Office.*

If you call by number

You'll have faster long distance service

You'll have faster long distance service if you give the operator the out-of-town telephone number you are calling, rather than just the name and address. That way, you see, you won't have to wait while she gets the number from "Information" in the distant town you're calling. You'll save time . . . and calling by number means better service for everyone. . . especially now when long distance lines are carrying so many important industrial and military calls.

this free booklet

. . . for your local and out-of-town telephone numbers is yours for the asking. Just call, send a postcard or drop in to any Pacific Telephone business office for your free copy.

far
from
home?

Long distance visits cost so little

See for yourself. Check the typical rates listed on the inside cover of this directory. You'll notice, too, that night and Sunday calls cost even less than those you make at the low, day "station" rates.

**PLANNING TO BUILD
A NEW HOME?**

★
Have your architect or
contractor place
BUILT-IN TELEPHONE OUTLETS
during construction

● **BUILT-IN TELEPHONE OUTLETS** add little
to building costs . . . much to value and con-
venience. The location of the telephone can be
changed, or additional telephones may be add-
ed in the future without tearing up flooring,
or running wires along baseboards.

Our
ARCHITECTS' and BUILDERS' SERVICE
gladly will furnish up-to-date and practical
information without cost.

Just call us and ask for
"ARCHITECTS' and BUILDERS' SERVICE"

Here's how you may be sure of getting your party more often when you dial:

1. Look up your number in the latest directory.
2. Listen for the steady hummmm of the dial tone.
3. Keep your eye on the dial.
4. Wait a minute before you decide your party isn't home.

In these busy days when saving
time is so important, more and more
telephone users are following the
thoughtful way of answering the
telephone: "Harry Smith speaking".
Such an introduction establishes
identity, saves time and makes a
good impression.

You'll get quicker dial service if you follow these simple steps:

1. Listen for the dial tone. It's your signal that the equipment is ready to take your call.
2. Dial each letter and digit of the number in its right order.
3. Draw the dial all the way to the finger stop.
4. Lift your finger and let the dial return naturally, without forcing.

The instruction pages of the telephone directory are of real help . . . telling how to make the best use of your telephone.

You'll get quicker dial service if
you follow these simple steps:

1. Listen for the dial tone. It's your signal that the equipment is ready to take your call.
2. Dial each letter and digit of the number in its right order.
3. Draw the dial all the way to the finger stop.
4. Lift your finger and let the dial return naturally, without forcing.

Don't forget to plan for concealed
 telephone conduit and convenient
 locations for telephone outlets when
 you build your new home. These
 built-in telephone facilities add real
 value to a home, yet their cost is
 very small if they are installed
 during construction.

Keep watching the dial . . . and
you'll dial accurately. Remember to
pull the finger all the way to the
stop . . . let the dial return at its own
speed. Speeding up or slowing down
the dial's return may interfere with
perfect operation of the equipment
for you.

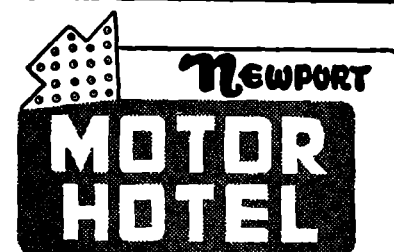

The instruction pages of the
telephone directory are of
real help . . . telling how to
make the best use of your
telephone.

Party-Line Pointers:

1. Space your calls instead of making a whole series.
2. If yours is an emergency call and the line is in use, explain the circumstances to the person using the line.
3. If you are calling from a dial telephone, always make certain the line is clear before you dial.
4. When the children use the telephone, ask them to be considerate, too.
5. Replace the receiver properly when you finish your call.

Here's a tip for better dial tele-
phone service. You'll save time . . .
and wrong numbers . . . if you wait
for the dial tone before you dial.
Listen for the steady hmmm . . .
it's your "go ahead" signal.

Here's how you may be sure of getting your party more often when you dial:

1. Look up your number in the latest directory.
2. Listen for the steady hummmm of the dial tone.
3. Keep your eye on the dial.
4. Wait a minute before you decide your party isn't home.

REPAIR IT

If the refrigerator, vacuum cleaner, sewing machine, washing machine or radio in your home isn't working properly, call a repair man now. You're sure to find one nearby if you—

PARTY-LINE POINTERS:

1. Space your calls instead of making a whole series.
2. If yours is an emergency call and the line is in use, explain the circumstances to the person using the line.
3. If you are calling from a dial telephone, always make certain the line is clear before you dial.
4. When the children use the telephone, ask them to be considerate, too.
5. Replace the receiver properly when you finish your call.
